### Assembly Tool Accessory

Montagewerkzeug Zubehör/Accessoire d'outil d'assemblage

Part No. Bestell-Nr./Réf.	Version
M 55 00 001	Universal

## Assembly Procedure

1. Insert four rubber feet into case bottom.
2. Insert eight M3 captive nuts into the two assembly profiles. **(Option:** for fast and easy assembly, insert captive nuts using assembly tool accessory 'M5500001')
3. Secure the two assembly profiles to the case bottom using four of the M3 x 6 screws (fastening to the captive nuts).
4. Secure the case top to the assembly profile as per step 3.
5. Secure the front panels using the remaining M3 x 6 screws (fastening to the front and rear of the assembly profiles). The case is now ready for use.
